PETITION UNDER 37 C.F.R. § 1.47

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

Applicants petition that this application be filed, despite not having the signature of inventor Paul Bailey. The assignee, Anchor Wall Systems, Inc., has submitted a Declaration Under Rule 63 that is signed by the other inventors, namely Ronald J. Scherer and David Matthew LaCroix. Inventor Paul Bailey has not returned a signed Rule 63 Declaration to assignee's attorneys.

The attorneys for the assignee, Anchor Wall Systems, Inc., sent a letter to Paul Bailey dated March 28, 2005 by way of Federal Express. The letter was sent to the last known address of Paul Bailey. The address was Paul Bailey, 2632 Highway 47, Mora, Minnesota 55051. The letter enclosed a copy of a Petition to Correct Inventorship Under 37 C.F.R. § 1.48(a) and 37 C.F.R. § 1.48(b); a Statement Made By Paul W. Bailey In Support of Petition to Correct Inventorship Under 37 C.F.R. § 1.48(a); a copy of the patent application as filed; a copy of the claims that were pending in the patent application as of March 28, 2005; a Combined Declaration

and Power of Attorney; and an Assignment. We have enclosed, as Exhibit A, a copy of the documents sent to Mr. Bailey. We have also enclosed, as Exhibit B, a document obtained from Federal Express showing that the package sent to Mr. Bailey was delivered on March 31, 2005 at 11:59 a.m. The letter to Mr. Bailey instructed him to return these signed documents to us by April 22, 2005. As of the date of this mailing, Mr. Bailey has not returned the signed documents.

Mr. Bailey had agreed to assign his patent rights to Anchor Wall Systems, Inc., his employer at the time this invention was made. Mr. Bailey is no longer employed by Anchor Wall Systems, Inc.

Also submitted with this Petition is a document showing consent of the assignee in support of this Petition Under Rule 47. A certificate under 37 C.F.R. § 3.73(b) is also enclosed.

The fee under 37 C.F.R. § 1.17(h) is included herewith. If there are any other fees due, please charge our Deposit Account No. 13-2725. If there are any questions regarding these papers, Patent Office officials may contact the undersigned at the below listed telephone number.

Respectfully submitted,
